

Individual Learning Plans

Learn better today to succeed tomorrow

The Individual Learning Plan (ILP) is a common platform for students, teachers and parents to set and track individual learning objectives.

The ILP links past, present and future, allowing students and teachers to:

- Evaluate past work
- Set current status
- Plan future work
- Set targets

As such, it is an excellent channel for home-school dialogue, providing a structure for meetings and linking to available documentation.

The it's learning ILP allows **teachers** to:

- Monitor student progress across ILPs
- Link to resources
- Link individual goals to learning objectives
- Choose visibility of comments
- Receive change notifications

The it's learning ILP allows **students** to:

- Set status
- Comment on progress
- Log activity
- Evaluate their own effort
- Reflect on their achievements
- Receive change notifications

The it's learning ILP for **parents/carers** to:

- View progress in the Parent Engagement Dashboard*
- Review learning plans in parent-teacher-student meetings
- Stay engaged in their child's education
